Education

- Ph.D. in *Electronic and Computer Science Engineering*, expected January 2001, at the Engineering Faculty, University of Genova.
- Laurea in *Computer Science Engineering*, April 1997, at the Engineering Faculty, University of Genova with the grade of 110/110 and honors (Performance Average of 28.17 out of 30).
- *First Certificate in English*, June 1990, at the University of Cambridge with the grade of B.

Experiences

- **Member of the Mechanized Reasoning Group, year 1994 - present**
Development of efficient decision procedures for modal and propositional logics. Comparative evaluation of algorithms and techniques in modal logics, propositional logics and planning. Systems design and implementation.
- **Laboratory coordinator, year 1999 - present**
Systems, users and network local administration.
- **Teaching assistant, year 1997 - present**
Undergraduate courses in C/C++ and theoretical foundations of computer science (logic, languages and automata theory).
- **Exchange student, January-February 2000**
c/o Prof. M. Y. Vardi, Computer Science Department of Rice University (Houston).
- **Visiting student, April-May 1999**
c/o Prof. V. Lifschitz, Computer Science Department of University of Texas (Austin).

- **Exchange student, September-December 1998**
c/o Prof. V. Lifschitz, Computer Science Department of University of Texas (Austin).

Relevant coursework

- **Computational Complexity** by Prof. Georg Gottlob, University of Genova, Natural Sciences Faculty, year 1998.
- **Compilers** by Prof. Mauro Di Manzo, University of Genova, Engineering Faculty, year 1998.
- **Introduction to Mathematical Logic** by Prof. Vladimir Lifschitz, University of Texas - Austin, year 1998.
- **Formal Semantics and Verification** by Prof. Allen Emerson, University of Texas - Austin, year 1998.
